

Annual Report 2023
(January 2023 –December 2023)
CENTRAL INSTITUTE OF PSYCHIATRY, RANCHI

About the Institute

Central Institute of Psychiatry (CIP) is a premier institution for mental health care in India. The British established this hospital on 17th May, 1918 with the name of *Ranchi European Lunatic Asylum*. A century-old institution with a rich history, the Institute continues to provide quality clinical services as well as being at the forefront of cutting-edge research in mental health along with training professionals in the field of mental health.

Spread across 211 acres in the picturesque city of Ranchi, CIP offers the latest medical advances in an environment that promotes mental health and enhances a sense of wellbeing. Initially, the total bed capacity was 174 (92 males, 82 females). In 1922, the management was entrusted to a Board of Trustees which comprised various participating state governments and the hospital was renamed as *European Mental Hospital*. In the same year, the hospital was affiliated to the University of London for the Diploma in Psychological Medicine examination, earning it the distinction of being the first institute to impart post-graduate training in psychiatry in India. The name of the hospital was again changed to *Inter-Provincial Mental Hospital* (in 1948) after India achieved independence, only to be changed yet again to *Hospital for Mental Diseases* in 1952. The Board of Trustees was disbanded in 1954, with the management being taken up by the Ministry of Health and Family Welfare, Government of India. In 1977, the hospital was given the status of an institute and was consequently given its present name, i.e., *Central Institute of Psychiatry*.

Departments like occupational therapy department, medical library, patients' library, centre for cognitive neurosciences, neuroimaging and radiology department, clinical psychology laboratory, psychosocial unit, pathology and biochemistry laboratory and teaching block for postgraduate students and residents are all housed in a mixture of colonial and modern era buildings, giving a unique flavour to the Institute. Currently, the Institute functions under the administrative control of Directorate General of Health Services, Ministry of Health and Family Welfare, Government of India. The main objectives of CIP have been patient care, manpower development and research.

There are many firsts to its credit, e.g., the country's first occupational therapy department in 1922, electro-convulsive therapy (ECT) in 1943, psychosurgery and neurosurgery in 1947, clinical psychology and electroencephalography (EEG) departments in 1948, a full-fledged

neuropathology section in 1952, the first use of lithium in 1952 and chlorpromazine in 1953. A very modern radiology department with facility for sophisticated cerebral angiography, pneumoencephalography, air ventriculography, myelography etc. was established in 1954. Few other landmarks include starting a child guidance clinic in 1950, rural mental health clinic at Mandar in 1967, rehabilitation centre and sheltered workshop in 1967, and industrial psychiatry unit at Heavy Engineering Corporation (HEC), Ranchi in 1973. It may also be noted that the Indian Psychiatric Society was established in 1948 because of the efforts of this Institute and it was registered in Patna. The first draft of the Bill that subsequently became the Mental Health Act of India (1987) was written at CIP, Ranchi in 1949 by Dr R B Davis, the then Medical Superintendent, Dr S A Hasib, from Indian Mental Hospital, Ranchi and Dr J Roy, from Mental Hospital, Gwalior.

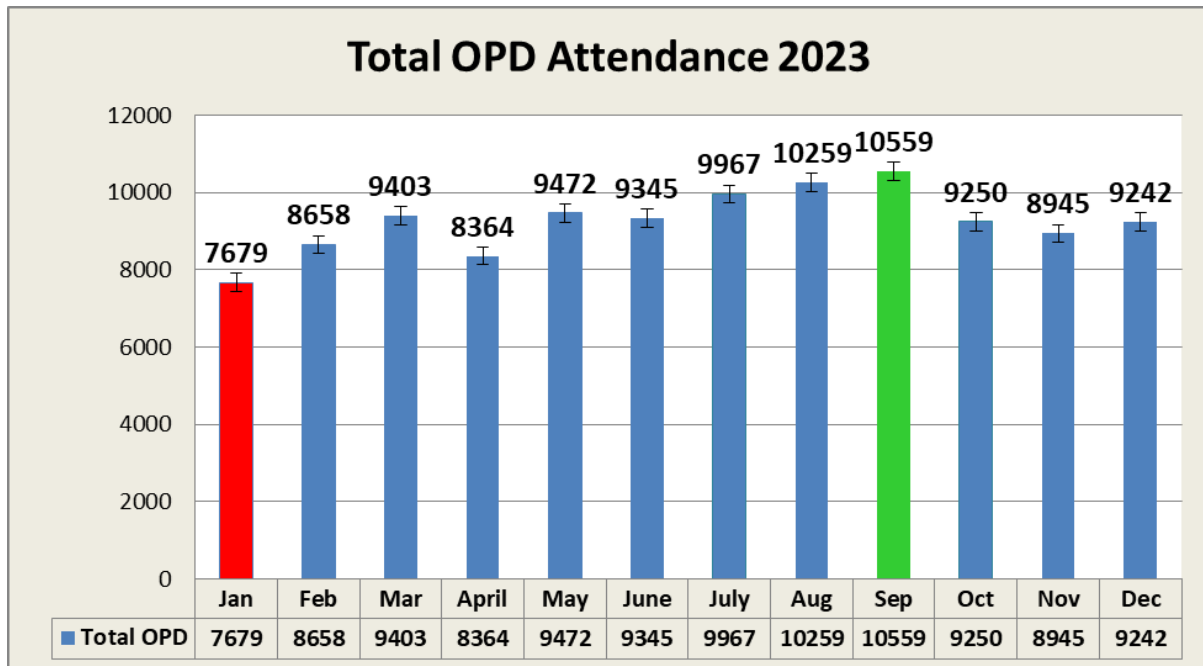

The Institute has a current capacity of 643 beds. There are 15 wards (nine male wards and six female wards), an emergency ward and a family unit. Each ward is at a suitable distance to other wards and surrounded by manicured lawns and well-laid roads. Patients are not kept confined and can walk about within the hospital. Drug therapies form only part of the treatment along with various psychotherapies, behavioural therapy, group therapy and family therapy. A milieu therapy approach is practiced – patients are actively involved in the functioning and various activities carried out in the ward. Along with mental health, physical fitness is emphasized too – patients take part in regular physical exercises, yoga, outdoor as well as indoor games to keep themselves physically fit.

Currently, CIP has been accredited as one of the very few eco-friendly “Green” infrastructures in Ranchi. The entire campus spanning 211 acres is full of vegetation with less than 10% of the total area being used for capital development. Numerous trees dot the campus, some of them being more than 105 years old. Lawns have been recently developed and a number of garden benches are provided at regular distances for the convenience of staff and patients. The Institute uses solar energy for lighting, water pumps and geysers. There is a dedicated power supply feeder for regular electricity and apart from that DG sets are available round-the-clock for power backup. The entire mechanical and computerized infrastructure is linked to a dedicated UPS supply.

Service Utilisation Update

The Institute provides services to acutely ill psychiatric patients, including those requiring care for concurrent medical disorders. In the specified period, 4,838 patients (3,688 males and 1,150 females) were admitted. *The average bed occupancy during the specified period was 85.3%.*

In the year 2023, the number of cases seen on outpatient basis was 1,11,143 (33,070 new cases and 78,073 follow-up cases) [including all psychiatry cases (Adult and Child), Staff OPD, Extension Clinics, Skin & Sex Clinic and Psycho-social OPD]. The total number of new psychiatry cases seen during the specified period were 22369 (14899 males and 7470 females) while 74642 psychiatry follow-up cases were seen during this period (50816 males and 23826 females).

Centre for Child and Adolescent Psychiatry has 24 functional beds for inpatient management. This unit imparts training to resident doctors and postgraduate students in the field of child and adolescent mental health. It caters to the needs of children with psychosis, developmental disorders and intellectual disability. Patients are required to stay with their guardians for the duration of the treatment. During the period under report, 15758 patients (10943 males and 4815 females) attended the outpatient department (OPD) for treatment. There were a total of 253 admissions during the specified period.

The Institute has a modern *Centre for Addiction Psychiatry* with a capacity of 70 beds for the treatment of persons suffering from alcohol and drug related problems. It is also the nodal centre in eastern India for manpower training and research in the field of alcohol and drug abuse. The number of patients seen in the De-addiction Clinic at OPD during the period under report was 6640; 946 patients were admitted at S S Raju Centre for Addiction Psychiatry.

The Institute runs *Extension Clinics* which include the General Psychiatry Clinic at West Bokaro, Hazaribagh; Chandankiyari, Bokaro; School Mental Health Programme at Holy Cross School, West Bokaro, Yuwa School, Ormanjhi, Tender Heart School, Tupudana,

Chiranjeevee Concept School & St. Xavier's School, Hazaribagh; Aastha Cell, Deepatoli Cantonment, Ranchi and Military Hospital, Namkom, Ranchi & Wellness Clinic, IIM, Ranchi. Regular camps, awareness programmes, workshops with teachers and parents are also conducted at these extension clinics. The case-load in the extension clinics for the period under report was 2,122.

A number of *special clinics* are being run in the Institute, namely, Chronic Schizophrenia Clinic, Epilepsy Clinic, Geriatric Mental Health Clinic, Headache Clinic, Mood Clinic, Neurology Clinic, Obsessive-Compulsive Disorder (OCD) Clinic, Psychodermatology (Skin) Clinic, Psychosexual Clinic, Post-COVID Clinic, Sleep Clinic, Drug De-Addiction Clinic, Suicide Prevention Clinic, Personality Disorders Clinic, Metabolic Disorders Clinic, Tobacco Cessation Clinic, Addictive Behaviours Clinic, Movement Disorders Clinic, Memory Clinic, Chronic Pain Clinic and Staff OPD. In the year under report, the total attendance of patients in special clinics was 29,376.

The *Clinical Psychology department* at the Institute is the oldest independent department in India. In 1962, teaching course in Clinical Psychology – Diploma in Medical and Social Psychology was begun (this course is now known as M.Phil. in Clinical Psychology). The course of Ph.D. in Clinical Psychology commenced in 1972. At present, there are 23 seats in M. Phil. (Clinical Psychology) and four seats in Ph.D. (Clinical Psychology). The departmental faculty includes one clinical psychologist, two assistant psychologists, six clinical psychology tutors and one laboratory assistant.

There is a separate outpatient unit of the department which is called the *Psycho-Social Unit (PSU)*. The PSU either gets referrals from the general OPD of the Institute or else individuals can come directly to the PSU and seek help for their psychological problems. The PSU caters to the needs of those patients who suffer from minor psychological problems and who can be managed exclusively by psychological methods such as counseling, psychotherapy, behaviour therapy, biofeedback, relaxation therapy, etc. During the specified period, 4,371 patients were assessed and 7,916 therapy sessions were carried out by the department. The clinical psychology laboratory is equipped with various psychological tests, rating scales, instruments and apparatus which aid in the diagnosis and assessment of patients.

The *Department of Psychiatric Social Work* came into existence in 1950s, although family psychiatry can be dated back to 1922 at the Institute. The course of *Diploma in Psychiatric Social Work (DPSW)* started in the year 1970. In 1985, this course was upgraded to *M.Phil. Psychiatric Social Work*. Currently, 15 seats are available for M.Phil. trainees. The department is actively engaged in academic and research activities in the field of psychiatric

social work and allied fields. The departmental faculty includes one senior psychiatric social welfare officer and six psychiatric social work tutors. During the specified period, 7,172 therapy sessions and 12,304 other clinical activities were carried out by the department.

The ***Department of Psychiatric Nursing*** provides quality nursing care to inpatients as well as outpatients. This department of the Institute is responsible for training nurses to obtain the Diploma in Psychiatric Nursing (DPN) and giving clinical nursing experience to visiting nurses.

The Institute currently offers ***Occupational Therapy (OT) services*** to adults as well as child and adolescent inpatients with either acute psychiatric illnesses or severe and enduring mental health problems. Inpatients use OT services daily in both the pre- and post-lunch sessions. They are allocated work in the various sections according to their abilities and aptitude. About 30 male patients and 25 female patients use OT services daily. The OT department is also involved in training medical as well as non-medical professionals such as psychiatry residents, clinical psychologists, psychiatric social workers and psychiatric nurses in various aspects of occupational therapy and rehabilitation.

The ***Centre for Cognitive Neurosciences*** was originally established in 1948, when it was known as the Electroencephalography (EEG) and Clinical Neurophysiology Laboratory. It is now called Centre for Cognitive Neurosciences. At present, the Centre has two sections – a clinical section and a research section. The *clinical section* possesses two 32 channel quantitative electro-encephalogram systems and a 40-channel video electro-encephalogram as well as equipment for recording an electromyogram (EMG), nerve conduction velocity (NCV), brainstem auditory evoked response (BAER) and the galvanic skin response (GSR). The *research section* possesses Dense Array EEG acquisition systems (64, 128, 192 and 256 channels), Evoked Response Potential (ERP) acquisition units (40 channels), a 40 channel polysomnography (PSG) unit, functional Near Infra-Red Spectroscopy (fNIRS) and a full-fledged Neuromodulation Department which has facility for Transcranial Magnetic Stimulation (rTMS), Transcranial Direct Current Stimulation (tDCS), HD-tDCS, Quadripulse Stimulation, BiStim System, and Transcranial Alternating Current Stimulation (tACS) unit which has the most advanced technology in the country with neuro-navigation and robotized coil positioning system. The Centre has advanced signal processing software such as Advanced Source Analysis (ASA), Brain Electrical Source Analysis (BESA), MUSIC, LORETA, E-Prime etc. During the specified period, the total number of tests done was 11,286.

The **Department of Pathology and Biochemistry** is equipped to perform tests of clinical pathology, microbiology, bacteriology, biochemistry, serology and immunology. The Centre performs these tests for both clinical as well as research purposes. During the specified period, the total number of investigations done was 2,65,979.

The **Department of fMRI, Neuroimaging and Radiology** has 16 slice CT scanner, 300 MA Digital X-ray, Cranial Doppler and Ultrasound Machine. The department possesses a state-of-the-art 3 Tesla functional MRI unit (fMRI). It is the first establishment in the country to have an fMRI integrated with Transcranial Magnetic Stimulation, High Resolution EEG and eye tracking system. This Institute is the first and only exclusive mental health institution in the country to have an fMRI facility with hybrid facilities. During the period under report, the total number of investigations done by this department was 6,445.

A **24 hours emergency service** is available in the OPD of the Institute. The bed strength of the Emergency Ward is 16 (8 males and 8 females). A total of 4475 patients availed emergency services.

The Institute has been running a **toll-free telephone counseling service** – the CIP Helpline – since 2001. The Institute also provides an e-counseling service. During the period under report, 830 general helpline calls, 153 Suicide Prevention Helpline Calls and 618 e-mails were received and attended.

Mental Health Helpline facility was started for the citizens during COVID 19 through 24x7 mobile nos. 9334915046, 9334915047, 9334915048, 9334915049, 9334915050, 9334915051, 9334915052, 9334915053, 9334915054, 9334915056, 9334915057, 9334915058, 9334915060, 9334915062. Total 1,299 calls were received.

Case Conferences, Seminars, Journal Clubs are held regularly. Thirty-three seminars, 35 case conferences and 27 journal clubs/physical club/movie club/book club were held during the period under report.

CIP Digital Academy: Service Utilisation in CIP Digital Academy was as follows: 16 CIP Digital Academy Live Sessions, 212 Video Consultancy/ Telecommunication, 34 Webinars/Sessions, 74 Meeting with Ministry/ Training Sessions, 83 Academic Sessions/Seminars/Case Conferences.

Centre for Tele-mental Health: Tele-consultations have been provided to patients since March, 2020. To coordinate tele-mental health services effectively, the Centre for Tele-mental Health was set up in June, 2020 and has been operational since then. Tele-mental health services have been provided to a total of 17595 patients during the period under report.

Achievements during the period

1. MoU was signed between Central Institute of Psychiatry, Ranchi and Forum for Learning and Action with Innovation and Rigour (FLAIR) on 7th January, 2023.
2. One-day CME on “Addictive Behaviours: Are we Prepared Enough” was held on 07th January 2023.
3. A two-day CME and hands on training programme was organised on 10th -11th January 2023.
4. Dr. Anil Kumar, Additional DG from DGHS had visited institute on 11th January 2023.
5. Tele MANAS Jharkhand was officially inaugurated by respected Shri. Vishal Chauhan, joint secretary (Policy, Ministry of Health and Family Welfare, Government of India) at the Centre for Tele-Mental Health on 12th January 2023.
6. A workshop was organised by Central Leprosy Division of Directorate General of Health Services, Ministry of Health and Family Welfare (DGHS, MoHFW, India), Central Institute of Psychiatry, Ranchi (CIP Ranchi) and World Health Organization, India (WHO, India) on 12th – 13th January at Le Lac Sarovar Portico Hotel in Ranchi.
7. MoU was signed between Central Institute of Psychiatry, Ranchi and Chiranjeevee Concept School on 17th January 2023.
8. Tele MANAS Jharkhand conducted a one-day Mental Health Awareness and Sensitization program with Jharkhand State Child Protection Society (JSCPS), in online mode, on 21st January 2023.
9. MoU was signed between Central Institute of Psychiatry, Ranchi and ECHO India on 24th January 2023.
10. Republic Day Celebration was organised of Central Institute of Psychiatry on 26th January 2023.
11. A series of lectures on the psychiatric interview and soft skills in psychiatry by Dr. Baxi Neeraj Prasad Sinha, Consultant, NHS, United Kingdom on 28st January 2023.
12. *Saheed Diwas* was observed on the death anniversary of *Mahatama Gandhi* on 30th January 2023.
13. Annual sports 2023 was organised on 07th- 8th February 2023.
14. Joint Secretary, Directorate General of Health Services, Shri Ghulam Mustafa had visited CIP on 01st February 2023.
15. International Epilepsy Day was celebrated on 13th February 2023.
16. Tele-Manas team made a visit to RIMS on 15th February 2023.

17. MoU was signed between Central Institute of Psychiatry, Ranchi and Krishnapur Nazrul Charcha Kendra, Kolkata on 18th February 2023.
18. MoU was signed between Central Institute of Psychiatry, Ranchi and IIM, Ranchi on 20th February 2023.
19. 1st Continuing Nursing Education Programme was organised on “Psychiatric Emergency” from 13th -19th February 2023.
20. 6th Nursing Workshop was organised on “Assertiveness - The way to create respect and personal power for us” on 21st February 2023.
21. Workshop on “Leverage Your Scientific Discovery, Insightful Academic Writing and Reference Management” was organised on 21st February 2023.
22. Tele-MANAS Jharkhand had successfully surpassed 1000 plus calls on 22th February 2023.
23. World Social Justice Day was organised on 22nd February 2023.
24. Two wards were won by CIP’s at 74th Annual National Conference of Indian Psychiatric Society (ANCIPS 2023) at Mayfair Convention Centre & Mayfair Lagoon, Bhubaneswar on 02nd – 05th February 2023.
25. Two wards were won by CIPs at Annual National Conference of Indian Association of Clinical Psychologist (IACP) 2023 at SGT University Gurugram from 08th-11th February 2023.
26. "World Sleep Day" was commemorated on 17th March, 2023.
27. “World Social Work Day” was commemorated on 21st March, 2023.
28. “World Down Syndrome Day” was commemorated on 21st March 2023.
29. “World Sleep Day 2023” was commemorated CME on “Recent Advancements in Sleep Disorders” on 22nd March 2023.
30. “World Bipolar Day” was commemorated on 1st April 2023.
31. “World Autism Awareness Day” was commemorated on 2nd – 3rd April 2023.
32. “World Health Day” was commemorated on 10th April 2023.
33. Dr. Aaditya S. “What is Life, but a Creation of Our Minds?” secured 9th rank in WPA-RC & SPF Short Story Contest, Kolkata, Theme: “Why psychiatric training is essential for the making of a good doctor” on 14th – 16th April 2023.
34. CIP Tutors were invited as resource persons for taking sessions in SEED (Student Enriching & Empowering Directive) Program, on the topic of Emotional Intelligence & Mental Health (taken by Miss. Khushboo Shah, PSW Tutor), and Social Media Networks

- & Gadgets–Their Effects on the Present and Future (taken by Miss Vidhi Mandloi, PSW Tutor), on two-day program from 13th – 14th April 2023.
35. School awareness programme was organised on “Logged-in or Locked-in into the digital world of smartphone and social media” at Cambrian Public School, Kanke, Ranchi on 28th April 2023.
 36. “World Bipolar Day” was commemorated on 1st May 2023.
 37. “International Nurses Day” was commemorated on 12th May 2023.
 38. Voluntary Blood Donation Campaign was organised on the occasion of “International Nurses Day” on 12th May 2023
 39. Cultural meet was organised on the occasion of 106th Foundation Day of the C.I.P., on the 16th May 2023.
 40. 106th Foundation Day & Alumni Meet was held on 17th May, 2023.
 41. CME on “Globalisation & Mental Health: Marching through the G-20 Leadership Year” was organised on 17th May, 2023.
 42. MoU was signed between Central Institute of Psychiatry, Ranchi and ChildFund India on 19th May 2023.
 43. “World Schizophrenia Day” was commemorated on 24th May 2023.
 44. MoU was signed between Central Institute of Psychiatry, Ranchi and RIMS, Ranchi on 26th May 2023.
 45. Community Awareness Programme on “Alcohol and Related Addictive Substances” at Panchayat Bhavan, Ginjo Gaon, Burmu, Ranchi was organised on 26th May 2023.
 46. “World No Tobacco Day” was commemorated on 31st May 2023.
 47. “International Yoga Day” was commemorated on 21st June 2023.
 48. “International Day against Drug Abuse and Illicit Trafficking” was commemorated on 26th May 2023.
 49. “Post-Traumatic Stress Disorder (PTSD) Awareness Day and Helen Keller's Day” were commemorated on 27th June 2023.
 50. “National Statistics Day” was commemorated with National Seminar on “Statistics for Researchers” on 30th June 2023.
 51. Dr. Umesh S, Associate Professor of Psychiatry had presented a keynote address on the topic “Holistic Health” on G20 S20 conclave at IIT. Mandi on 23rd June 2023.
 52. CIP & UNICEF had established Sanitary Napkin Production Unit ‘MAHIMA’ on 14th July 2023.

53. Launched first program on “Address Challenges on addressing Mental Health for Leprosy Issues” on 14th July 2023
54. World Brain Day was commemorated on 22nd July 2023.
55. MoU was signed between Centre for Development of Advanced Computing (C-DAC), Bengaluru and Central Institute of Psychiatry, Ranchi on 22nd July 2023.
56. Elsevier and the Central Institute of Psychiatry, Ranchi, have hosted a Successful Workshop on Manuscript Evaluation: "What do editors look for in a manuscript?" on 24th July 2023.
57. Inauguration of Simulation & Artificial Intelligence Lab at CIP on 26th July 2023.
58. Awareness cum Sensitization Programme on “Excessive Smartphone/Internet Usage and associated Mental Health issues in School going Children” at Oxford Public School, Ranchi on 1st August 2023.
59. Awareness cum Sensitization Programme on “Excessive Smartphone/Internet Usage and associated Mental Health Issues in School Going Children” at Sun Rise Public School, Umedanda, Burmu on 11th August 2023.
60. Three-day training of trainer’s programme (TOT) on community mental health targeting child, adolescent and mothers were conducted from 21st – 23rd August 2023.
61. A Memorandum of Understanding (MoU) was signed between Hashiya Socio-Legal Centre for Women and Central Institute of Psychiatry, Ranchi on 30th August 2023.
62. Capacity Building of CCI Staff on Child Psychology and Effective Counselling Techniques on 06th September 2023.
63. Duchenne Muscular Dystrophy Day was observed on 07th September 2023.
64. “*Hindi Pakhwa*” has been celebrated by the *Rajbhasha Karyanvayan Samiti* of the Institute from 14th– 29th September 2023.
65. CME on “Suicide Prevention” by IMA in collaboration with Indian Psychiatry Society (IPS), IPS Speciality Section Suicide Prevention, CIP Alumni Association, and State Tele- MANAS Jharkhand on 23rd September 2023.
66. 3rd CNEP Continuing Nursing Education Programme was held on “Geriatric Psychiatric Nursing” from 25th September– 01st October 2023.
67. State-Level Consultation was held on Abortion Rights: A Resounding Success in Shaping a Compassionate Future on 27th September 2023.
68. 1st Nursing Programme on “Mental Health & Self Care” for CIP & ECHO on 27th September 2023.

69. Awareness cum Sensitization Programme on “Excessive Smartphone/Alcohol Use and Associated Mental Health Issues” at Nirja Sahay DAV Public School, Kanke, Ranchi on 05th October 2023.
70. World Mental Health Day celebrated on 10th October 2023.
71. Awareness cum Sensitization Programme on “Excessive Smartphone/Alcohol Use and Associated Mental Health Issues” at Sharda Global School, Kanke, Ranchi on 13th October 2023.
72. Mental Health Week Celebration was organised by the team of Centre for Child and Adolescent Psychiatry (CCAP), Central Institute of Psychiatry (CIP), Ranchi from 3rd - 10th October 2023.
73. Awareness program was held on “importance of caregiving in dementia management and stressed the significance of early diagnosis for proper treatment” on 13th October 2023.
74. Awareness program on “Human- Environment Interaction” on 16th October 2023.
75. Two Prizes were won at Annual National Conference of the Indian Association of Biological Psychiatry in quiz competition held on 7th -8th October 2023 in virtual mode.
76. Training modules developed in collaboration with Central Leprosy Division, DGHS and WHO on mental health and psychological well-being for Medical Officers under National Leprosy Eradication Programme
77. Training modules developed in collaboration with Central Leprosy Division, DGHS and WHO on mental health and psychological well-being for Staff nurse and CHO under National Leprosy Eradication Programme
78. Training modules developed in collaboration with Central Leprosy Division, DGHS and WHO on mental health and psychological well-being for ASHA and paramedical workers under National Leprosy Eradication Programme.
79. Eighty-one admissions took place in various courses run at this Institute during the academic year 2023-2024.
80. Fifty-Six national and international research papers were presented and published.
81. Central Institute of Psychiatry (CIP), Ranchi signed the following Memoranda of Understanding (MoUs):

Sl. No.	Between	Purpose
1.	Forum for Learning and Action with Innovation and Rigour (FLAIR)	To provide mental health services to school-going children and adolescents in the rears of addictive behaviors.

	and CIP, Ranchi	
2.	IIM, Ranchi and CIP, Ranchi	To promote wellness by extending clinical and counselling services at IIM, Ranchi campus and to facilitate mutual exchange of manpower and to conduct collaborative research in the field of management and positive mental health.
3.	Krishnapur Nazrul Charcha Kendra, Kolkata and CIP, Ranchi	To promote the usage of music and fine arts in the field of mental health and behavioural sciences
4.	RIMS, Ranchi and CIP, Ranchi	Mutual collaboration in the pursuit of upgrading clinical services, manpower training and high-end research including personnel from both the institutes.
5.	ChildFund India and CIP, Ranchi	To provide all round support to children and their caregivers.
6.	C-DAC, Bengaluru and CIP, Ranchi	To establish a collaborative partnership to work together on projects and solutions in emerging technologies for the benefit of mental health user community.
7.	Hashiya Socio-Legal Centre for Women and CIP, Ranchi	To priorities and safeguard the Sexual and Reproductive Health and Rights of the patients suffering from mental health issues.
